****See course descriptions with prerequisites and placement test requirements at <http://concurrent.dixie.edu>, click on More Information, then course descriptions.**

PAPERWORK DUE IMMEDIATELY. A copy of your high school transcript and required test scores (as indicated above) must be submitted with this registration form. Please return all required paperwork to your high school counseling office no later than Friday, January 4, 2019. They will collect all of the paperwork and Dixie State University will pick up everything for final registration. Late registrations must be delivered directly to the Concurrent Enrollment Office at DSU by Friday, January 11th 2019.

By signing, we understand that registering for University credit will generate a permanent transcript from which courses cannot be erased unless the student withdraws according to appropriate University policy and within set deadlines. A student signature also allows DSU Concurrent Enrollment staff to talk with parents regarding registration issues.
